

Coronavirus Action Plan

Due to the closure of all major league games and postponing of large gatherings we should have a plan in place to do the best we can to prevent the spread of this virus and all other viruses.

That being said some rules to follow:

All coaches should:

- carry hand sanitizer to give to the players before they enter the dugout.
- Sharpie to write names on all water bottles.
- Clorox wipes to wipe down each bat after each use so we can avoid the spread of any virus.
- Remind each player to write names in hats, gloves and bags.
- Practice good player etiquette and keep all belongings in your own bag.
- If equipment must be shared clean before each child uses it.

Team parent:

- Each team should enlist a parent each game to be on benches with players.
- Parent should:
 - Monitor drinks so that each player does not grab another's
 - Help team put away equipment and clean with wipe after each use
 - .

******IF A PLAYER NEEDS TO USE THE BATHROOM THEY MUST BE ESCORTED BY A PARENT TO BATHROOM AND WASH HANDS.******

Sportsmanship at the end of game.

Normally we would shake hands but under these circumstances. It would be best to not do the end of the game handshake until a later time, a simple "chant" " Good game Red!" or "clapping it up for the other team!" Please feel free to come up with your own idea to show appreciation for the other team with no physical contact until we are cleared from this Pandemic.

Most importantly have fun and Play ball!
